

TE1092 kabelklem

Toepassing

Toepassing

Cable and Wire clampbracket will provide optimum strainrelief

Constructie

Allows a large difference in maximum and minimum cable and wire diameters

Connectors

Suitable for

This strain relief is designed to fit several type connectors. standard and high temperature connectors have the same mounting dimensions, other connectors such as ceramic or dual connectors have different dimensions, to specify when ordering

Materiaal

Screws and bracket

All Stainless Steel

Ordering

Connector type

Mini (M), or Standard (S) to specify

Connector material

To fit:
Standard and High temp(S), Ceramic (C), Dual standard (D) or Dual ceramic (DC), please specify

Opties

Opties

Special U type brackets for dual standard connectors.
Also crimp or solder inserts designed for soldering or crimping on mineral insulated cable or crimping on insulated wire are available

Ordering code

*This datasheet is purely indicative, build-up of model code may vary from this datasheet.
